

**MINUTES OF THE SECOND MEETING OF NATIONAL SEISMIC RISK
MITIGATION PROGRAMME (NSRMP) HELD AT UTTARAKHAND DISASTER
MANAGEMENT AUTHORITY (USDMA) AT SECRETARIATE, DEHRADUN ON
24TH OF DECEMBER 2019**

The meeting was proceed by Senior Consultant, Uttarakhand State Disaster Management Authority and all other officials form USDMA were present during the meeting.

List of Officers present in the meeting is attached as Annexure-I.

The official from NDMA – Mr. Mudit Kapoor, Project Coordinator, PMU, NCRMP was present during the meeting. Team comprising of Prof H Sinvhal, State Coordinator, Col Sanjay Srivastava, GM (Disaster Management) and Er. Nitin Behl, Er. Ranu Chauhan and Mr Pramod Joshi from the consultant side were present were also present during the meeting. The Senior Consultant, USDMA welcomed all the participants and emphasized the importance of this project exercise of retrofitting of buildings and infrastructure to mitigate the risk associated with vulnerable buildings / infrastructure of the state.

Col. Sanjay Srivastava and Er. Nitin Behl gave a presentation on behalf of consultant. However, it was observed that there are few Departments who are not present / have not brought comprehensive list with prioritization. Hence it's requested all the departments to submit their prioritized the list of all critical building in the department by 28 Dec 2019 .The final list of all critical building will be send to consultant in the second week of January, 2020.

In the meantime, the interim priority list of 129 buildings consisting of hospitals, schools, administrative / office buildings, jails, fire stations, etc. was discussed. Opinion from all the department representatives present in the meeting was sought by USDMA, which were considered in taking the informed decision. Based on the outcome of the meeting, the interim priority list of 129 buildings was finalised which is attached as Annexure-II.

Senior Consultant, Uttarakhand State Disaster Management Authority emphasized that the final list of selected buildings for preparing their DPR shall be undertaken only taking formal approval from USDMA.

Following points were discussed and decisions were taken with regards to the different Components under the project:

Component A-1:

Consultant requested the following data from the State:

- 1- List of 184 locations of EEW sensors installed by IIT'Roorkee in Uttarakhand.
- 2- Tehri Dam Flood EW System details.
- 3- Data of earthquake from IMD and IIRS was requested to incorporate during design of

EEWDS. The locations and other infrastructure of these organizations have been also required. It was agreed to provide data mention in Point no.1 after the meeting However, for point no. 2 State will interact and share the data by the first week of January, 2020 to develop a EEWS. While for point no. 3 it was decided that consultant shall request NDMA to provide data directly from National Level.

Component A-2:

Consultant requested the following data from the State:

- 1- Detailed list of equipment was requested from SDRF. The details of location and manpower in the State have also requested. Deputy Commandant, State Disaster Response Force (SDRF) has provided the all data to Consultant. It was also informed that the under The World Bank project new building of SDRF is under construction.
- 2- Detailed list of equipment was received from the Fire Service Department. However, the list of their training programmes, duration and frequency along with training material have requested by the consultant. USDMA requested to Fire Service department for the same.
- 3- List of equipment as reflected in study report – 2012 by Fire, Civil Defense and Home Guard, Govt. of India was validated.
- 4- It was intimated by the representative of Panchayati Raj that out of 8000 Panchayat 4000 are equipped with different type of search and rescue equipments. The list of equipment shall be made available by first week of January 2020.
- 5- Consultant requested to provide the list of Search and Rescue Equipment from following organization/department.
 - a) BRO,
 - b) PSU – BHEL, Haridwar,
 - c) Indian Railway, Dehradun
 - d) Tehri Dam Authorities
 - e) Army – Dehradun Sub-Area
 - f) ITBP
 - g) SSB
 - h) BSF

Senior Consultant, USDMA assured that the request letter will be sent to above concern department and as soon as list will be available same should be provided to Consultant. The DDF representative shall co-ordinate with these departments for gathering this data.

Component B:

Senior Consultant, USDMA mentioned and also asked the following from the officials from the various line departments:

- 1- Nodal Officer from the health and education departments to share their priority lists of critical facilities as per their requirement.
- 2- SDRF Official to share the details of the important jails because it caters to the social aspect of the society.
- 3- PWD Officials to share the list of critical bridges with their Latitude & Longitude that may play an important role during the rescue operations in the hilly terrain.
- 4- The revenue department representative was asked to share the Collectorate and treasury office details as per form B1 shared by the Consultant during the presentation.
- 5- Jal Sansthan department official was asked to share the list of overhead water tanks and details of the water supply system.
- 6- Departments such as Food & Supply, Tourism Department, Industries and BRO which were not represented in the presentation and data was required were identified. A letter asking for their building data was decided for inclusion in the priority list.
- 7- Power department (PITCUL) representative was asked to provide the latitude and longitude details of their main and sub stations along with grid details for identifying possible locations of onsite early warning earthquake sensor installations.
- 8- Urban Local Body department is to share the Ran Basera Building list which are used as shelters.
- 9- Representative from the Panchayat Department was asked to share the details of the facilities which are identified as shelters during the emergency and will also share the equipment list available with the Gram Rakshadal. USDMA will also share the equipment list available with Gram Rakshadal including Mahila and Yuva Mangal dal with the Consultant.
- 10- USDMA will share the required related unclassified GIS data with the consultant.
- 11- A letter will be issued to the Industries and Civil Aviation by the Secretary for their list of Search and Rescue equipment currently available with them.
- 12- Forest department official will be requested to share the land use plan to account for the social and environment aspect for selection of retrofitting activities.
- 13- It was requested NDMA to help in coordination with the National Level Departments such as BSNL, Post & telegraph, IIRS & IMD to facilitate the data required for the project state.

- 14- Data center of the State was establishment in Information Technology and Development Agency (ITDA) at IT Park Dehradun. It was suggested that details of IT network and infrastructure will be provided by the ITDA. DDF representative will co-ordinate with ITDA and get the data.

Component C:

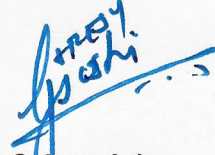

- 1- Details of components C and D were explained with the format and the specific information required from each Department.
- 2- USDMA has ongoing Capacity Building Programme on Earthquake. The same was shared with the Consultant.
- 3- Details of the Capacity Building Programme from following Departments were assured by the second week of January 2020.
 - a) Education Department – School Safety Program
 - b) SDRF, Uttarakhand
 - c) Fire & Emergency Department
 - d) Civil Defense Department
 - e) Panchayati Raj Department
 - f) State ATI
 - g) NDRF Community Awareness Programme
 - h) Tourism Department
 - i) Village Defense Group (Gram Raksha Dal)
 - j) Transport Authority
 - k) Health Department
- 4- Building Bye Laws and guidelines on EQ resistant housing and relevant literature on same was requested to be provided by first week of January 2020.

Component D:

- 1- The details of information required on Component D specially with respect to environment and specially protected zones were explained. The format were circulated in the meeting.
- 2- Environmentally protected / sensitive zone details from Forest, Environment and climate change Departments and concerned authorities were requested. Senior Consultant Uttarakhand State Disaster Management Authority informed that separate department of climate change was established in the State and consultant can co-ordinate with the department and collect the all necessary information request for the project.

Finally, the meeting was concluded by ending lines by project Coordinator from NDMA.

- 1- He suggested to USDMA that remaining departments provide the priority list as soon as possible so that it's finalized by first week of January'2020.
- 2- He appreciated the confirmation of 129 facilities from USDMA, and
- 3- He expressed thanks on behalf of NDMA to all officials / representatives present in the meeting for their positive attitude to attend, understand and take the matter forward in a timely manner.

(Dr. G.C. Joshi)
